

EC declaration of conformity of interoperability constituents

SE/00002021006297/2017/000005

Trafikverket declares, under its own responsibility, that the following dynamic displays (interoperability constituents), to which this declaration refers, complies with the following EU directive and technical specification for interoperability:

2010/713/EU, Modul CB

TSI 1300/2014

The following conditions of use apply:

- 40" - 45" TFT display: Reading distance: 3,0 meters at the most
- 46" - 54" TFT display: Reading distance: 3,5 meters at the most
- 55" - 72" TFT display: Reading distance: 4,0 meters at the most
- Digi-talker (interactive terminal) with 22" display: Reading distance: 1 meter at the most
- RGB display with 384 × 96 pixels: Pixel dimension: 4 mm. Reading distance: 10 meters at the most
- RGB display with 384 × 64 pixels. Pixel dimension: 4 mm. Reading distance: 10 meters at the most

Version 2.X.X (X independent of certificate) of the centralized display control system SIGNE has been assessed by Notified Body

DEKRA Industrial AB: NB no 2191

under the following EC certificate:

2191/1/CB/2017/INF/SV/170261 (561181-12)/01

The following procedure has been followed in order to declare conformity: **Modul CB**

Place and date for issuing: Utrecht, June 28 2017

Annexes:

2191/1/CB/2017/INF/SV/170261 (561181-12)/01 (EG-typkontrollintyg)

JVS-R561181-02 (Teknisk fil. Typverifikation av Trafikverkets styrning av dynamiska displayer för trafikantinformation)

Place and date: Gothenburg 15/9-2017
